

un jardin en plus

An extra garden, wherever you want, to enrich the local green areas, defy the law of nature, sow seeds where things do not normally grow and make the tarmac bloom.

An extra garden, whenever you want, to make the most of a continuous spring, drive the dull weather away and enjoy a flowery and coloured little part of the town.

A hidden and enclosed round, smooth, multi-coloured **little world** behind white wooden fences to be discovered.
