

# lazuluminés\*

Creation 2022 for GLOW Eindhoven

From lazuli (in latin lazulum, « sky ») and lumine (in latin lumen, « light »).

Strange towers, made of subtle blue shades,  
Look up at the sky and paint it with their light.

Their pedestal offers a seat to passers-by,  
invites them to meet and share a moment  
in an ephemeral guinguette  
shaped like a lantern release.

And now, for a moment, for a moment only,  
we could dream, to find each other, to meet again.

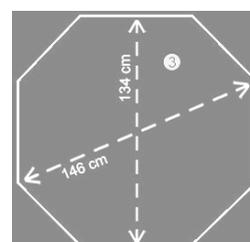

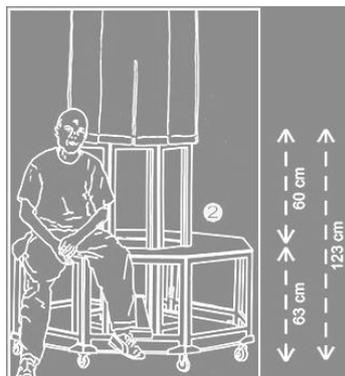

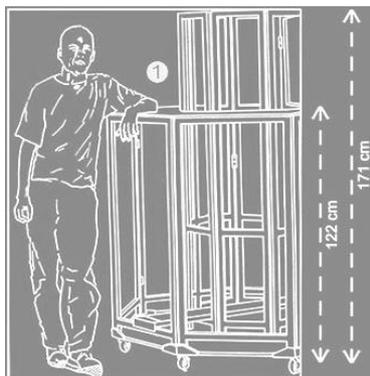

## concretely

### device and dimensions:

❶ → **four counters**, bases for inflatable structures of 2.35 meters high > total height: 4.06 meters  
blowers and lights using 220 Voltage (20 Watts + 50 Watts = 70 Watts x 4 counters = 280 Watts)

❷ → **four benches**, bases for inflatable structures of 3.80 meters high > total height: 5.03 meters  
blowers and lights using 220Voltage (160 Watts + 80 Watts = 240 x 4 benches = 960 Watts)

❸ → **base on the ground**

## **conditions**

**spectacular installation** → 2 100 € per day - *The company is not subject to V.A.T.*

**transportation** → round-trip from Toulouse – € 0.70/km (for long distances, please contact us).

### **installation & dressing room** →

- the intervention site should be provided minimum 3 hours before the beginning of the installation.
- it is mandatory that our vehicle will be able to be parked very close to the installation area
- secured dressing rooms must be provided in the immediate vicinity of the place of installation (so that our team can have a close look on the whole installation), equipped with a table, chairs, power supply, bottled water and, if possible, sanitary facilities.

**electric power supply** → two 10/16A 220V electrical power supplies should be provided very close to the installation area.

**duration of the installation** → up to 8 hours a day maximum.

**staff** → a person from the organization for guarding, depending on the duration of the intervention: the company ensures a continuous presence on the site for technical maintenance, guarding (security) being the responsibility of the organization.

**accommodation** → for 2 people, breakfast included.

- 2 single rooms - a secure parking should be provided for our van.
- 2 nights: we will be arriving the night before (depending on the distance from Toulouse and the time schedule of the first installation). We will be leaving the following morning of the last day.

**catering** → for 2 people, hot meals.

- dinner the night before (depending on the day of arrival), lunch and dinner the day of the installation.

**installation for several days in the same place** → The organization will be in charge of security and safety during the night. In the absence of guarding: the inflatables will be stored in the dressing rooms, they will be dismantled and reassembled between each intervention (door opening necessary: 1m50).
